Visionchart ZIP Acoustic Divider Wall

- ZIP dividers are designed to divide larger areas into quieter, more functional spaces, providing an easy and cost-effective way to minimize the noise and visual distractions found in today's open work environment.
- Constructed from 100% recycled PET materials, ZIP dividers absorb up to 85% of ambient noise and easily zip together to create an innovative acoustic solution that allows workers to be more focused and productive while maintaining the benefits of collaboration.
- Offered as 3-pack with expansion panels sold separately.
- Panels zip together making it easy to extend the length.
- Flexible zippers allow panels to rotate for any layout option.
- Tackable fabric material.
- Transform your Zip dividers with a ZIP single-panel extension.
- These panels can be added on either side of your 3 panels, creating an extended vertical space.
- The extensions can also be used as stand-alone pieces with the purchase of a T-Leg.
- Perfect for creating flexible spaces and making existing arrangements more interesting.

Hedj Screens

- Hedj screens represents a new development in PET screen technology.
- Hedj screens are manufactured using multi-layered PET material that is moulded under very high pressure to create a stronger, better-finished product.
- Hedj is available in three standard forms, and several colours, from modesty panel versions to the simple above desk divider or front-mounted screens.
- Hedj screens come with all the environmental benefits of PET-based product, it is classed as low VOC, it is made from recycled product, and it is recyclable.

Hedj-Above	Hedj-Above is a great looking option to use as a divider between desks, it is lightweight and easy to install. Screen top sits 340mm above worktop. Top mounting brackets. 1400W x 330H (mm).
Hedj-Below	Hedj-Below is easy to install a modesty panel or front panel for any desk. Screen finishes 340mm below worktop. Undertop mounting brackets. 1400W x 330H (mm).
Hedj-Front	Hedj-Front is one of the most versatile screens for desks as it stands high enough to hide any binders or books on the desktop, as well as hanging low enough to hide all the frame and cabling below the worktop. Screen top 340mm above worktop. Front mounting brackets. 1400W x 560H (mm).
